

# Terms of Reference

## UNSDI National Coordination Offices

### - Organizational -

- Preferably there should be one National Coordination Office (NCO) per country
- The NCO is to be hosted by an organization which
  - is involved in national SDI activities
  - has recognized international ambitions (and capabilities) in disclosing geo-information through an SDI
  - has a capacity building mandate and incentive
  - has a standing relation with relevant government representatives at Ministerial and DG level
  - has a standing relation with industry and SMEs

# Terms of Reference

## UNSDI National Coordination Offices

### - Activities -

- The UNSDI-NCO is to:
  - Facilitate the national and/or regional UNSDI portal
  - Act as facilitator for geo-information access between UN agencies and national and regional SDI capacities
  - Create operational links with the national public and private sector geo-information suppliers
  - Contribute in the realization of national government policies and needs with respect to issues relying on the use of geo-information
  - Coordinate and execute geo-information disclosure activities for large enterprises, companies or multi-nationals in order to fulfill their corporate governance goals
  - Coordinate capacity building activities
